A HUMAN LIFE SAVED.

A HUMAN LIFE SAVED.

J. A. RHODES, Esq.—Dear Sir—As I took your medicine to sell on consignment, "no cure no pay?" I take plessure in statirg its effects as reported to me by three protents who live in this place, and their testimony is a fair specimen of all I have roceived:—

W. S. Conklin told me—"I had taken nine bottles of Christic's ague balsam, and continually run down white using it until my lungs and liver were congested to that degree, that blood discharged from any mouth and bowels, so that all thought it impossible for me to live through snother chill. The doctors, too, did all they could for me, but thought it mans die. Nothing did me any good until I got Rhodes' isever and ague cure, which atonce releved me of the distress and nauses at my stomach, and pain in my head and bowels, and produced a permanent cure in a short time."

II. M. Conklin says—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December; but seeing how nicely it opera ed on my brother, I got a bottle of Rhodes' Fever and Ague Cure, which elicted a permanent cure by using two thirds of a bottle."

S. M. Conklin was not here, but both the other brothers say

The above speaks for itself. Good proof as it is it is o'no better tenor than the wast number of like certificate I have already published, and the still greater amount that is continually pouring in to me. Last year I had occasion to caution the while in these avords: public in these words:—
I notice one tirm who have taken one of my general circulars, substituted the name of their rostrum for my medicine, and then with brazen impudence, end their pamphies with the era mantion, "Let the proprietor of any other medicine say as much if he dares," &c.

Now, I take pleasure in saying that the caution referred to the same "Dr. Cristle's ague balsam" that is mentioned in the above certificate.

the same "Dr. Cristie's ague balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my fever and egue cure, or satisfate of the celebrated chemist, Dr. James B. Chil on, of New York, in favor of its perfective harmless character, which is attached to every bottle. These will always serve to distinguish my medicines from imitations.
